

Flat Tailed Horned Lizard Biologist

Temporary position available at a progressive environmental consulting firm with nationwide clients. The position entails construction monitoring near San Luis, Arizona for a period of 1 year (April 2019 to April 2020). The work schedule is 12-hour days, 5 days per week. Requirements are a BS degree in a biological field with a minimum of 5 years of experience in natural resources and construction monitoring, and flat-tailed horned lizard training certification. Responsibilities will include daily construction monitoring, maintaining a daily monitoring log, and preparation of weekly and monthly reports.
