

Teaching Assistant

The Amphibian Foundation is seeking Teaching Assistants to aid Lead Instructors in lessons and activities at our amphibian and reptile camp, Critter Camp. This assistantship is available for those interested in gaining valuable experience working with reptiles and amphibians, as well as teaching kids ages 6-14. Activities include leading campers in outdoor creek surveys.

Although this is not a salaried position, there is a weekly stipend of \$100 for Teaching Assistants. We offer Critter Camp at 2 locations: The Amphibian Foundation, and The Friends School of Atlanta. Camp runs at The Amphibian Foundation from 9am-4pm, and runs at The Friends School of Atlanta from 9am-3pm. We ask Teaching Assistants to arrive at 8am and stay 30 minutes after camp is over to assist the Lead Instructor in preparing for the following day.

Critter Camp runs between June 7 - August 13.

No previous experience is necessary, just a love for amphibians and reptiles and teaching children, as we fully train our staff. Weekly positions available.
