

Salamander Habitat Hunt

Is your school yard a good habitat for salamanders?

Imagine you are a salamander. To survive, you need food, water and shelter. Look around your school. Decide if you will stay and set up home here!

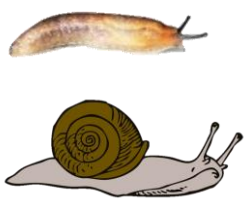

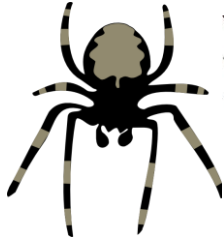

Shelter

Source of Water

Food

Slugs & Snails	Worms	Spiders	Crickets	Ants	Flies & Mosquitoes
					
<input data-bbox="128 1004 235 1097" type="checkbox"/>	<input data-bbox="385 1004 492 1097" type="checkbox"/>	<input data-bbox="614 1004 721 1097" type="checkbox"/>	<input data-bbox="828 1004 935 1097" type="checkbox"/>	<input data-bbox="1049 1004 1156 1097" type="checkbox"/>	<input data-bbox="1235 1004 1342 1097" type="checkbox"/>

Other food available? _____

Is there enough **Space**? YES NO

Would you want to live here if you were a salamander? Why or why not?

What other habitat would you like to find here?

Salamander Habitat Map

Draw a map of what you find. Label the shelter, water, food, and other habitat you find.

Habitat Name: _____

I noticed _____ .
I wonder _____ .
I learned _____ .
